

# Farmers Bank

Farmers Bank is dedicated to the vitality of the communities we serve.

## Charitable Donation, Non-Profit Advertising and Event Sponsorship Request Form

**1**

### the donations program

Farmers Bank is committed to continuing the tradition of community involvement and support. In response to the needs and interests of our Members and our community, we have designed a corporate donations program focusing on specific issues and geographic areas. We have implemented a system to equally evaluate the numerous requests we receive and monitor the impact of our donations.

**2**

### how to apply

Farmers Bank uses an application process for donation requests. A completed request form (provided on the following page) is the first step. You may be asked to provide additional information or make a brief presentation about your request. Feel free to make copies of the request form and share them with other interested groups. An original form is not required to apply for a Farmers Bank donation.

**3**

### our process

If your request meets the criteria, it will be evaluated every Monday. If your request does not meet the criteria, you will be notified that it has been denied. If your request is a good match, we will recommend approval and suggest an amount for the donation. Farmers Bank reserves the right to change the amount of your request, ask for additional information prior to making a recommendation, or request a formal presentation at a Monday evaluation.
